

SlingHopper Events

SlingHopper, Inc. is a proud supporter of our tennis community & partners. We proudly support USPTA & PTR teaching professionals as well as USTA grassroots tennis. Our goal is to help grow the game and get more players out on the court playing tennis. SlingHopper clinics, which are held at top tennis academies & events, provide valuable learning skills which teach the methodology of SlingHopper feeding and generating longer rallies. For more information on our SlingHopper events visit us at www.slinghopper.com.

SlingHopper Press

Since its inception in 2004, SlingHopper has achieved an enormous amount of interest and publicity. Both Tennis Magazine and Tennis Week Magazine debuted the SlingHopper Drill Bags during the US Open and many other tennis trade magazines soon followed. For more information on SlingHopper press releases visit www.slinghopper.com.

**PRO
SLINGHOPPER™
TENNIS DRILL BAG**

HOLDS UP TO
**40
BALLS**

- Ideal for Coaches & Recreational Players
- Great for Feeding Drills & Rallying
- Reduces Downtime In Lessons & Play
- Does Not Impede On Hitting Full Strokes

The **SlingHopper Pro Drill Bag** was designed by teaching professionals for feeding, practicing serves and hitting balls on the move. The **SlingHopper's** contoured ball pouch rest comfortably on your thigh remaining stationary while, feeding, hitting or playing. You now have quick access to **40 balls** for increased ball feeding and reduced down time during practice and play. Whether you are a coach or player, the **Slinghopper Pro Drill Bag** is the perfect teaching and playing aid. When not in use the **SlingHopper Pro** weighs less than a pound and fits almost anywhere.

Designed for Right or Left handed players.

"The **SlingHopper** is the greatest innovation in feeding and playing tennis. It allows the feeder to move around the court without interrupting the flow of drills. Dead ball feeding now becomes live ball feeding."

Brad Gilbert
Star Tennis Coach
● Former Top 10 ATP Player
● #4 World Ranking - 1990
● U.S Open - QTR Finalist
● Former Coach to Andre Agassi and Andy Roddick.
● ESPN Tennis Commentator

"The **SlingHopper Drill Bag** is by far one of the best teaching aids to come out of our sport. It enables me to quickly move to any position on the court while feeding or rallying. I highly recommend **SlingHopper Drill Bags** for coaches, players and parents!"

Nick Bollettieri
Legendary Tennis Coach
Nick Bollettieri Tennis Academy
Former Coach to Andre Agassi, Pete Sampras, Boris Becker
Jim Courier, Bjorn Borg and Monica Seles.

"Drills become 'ALIVE' with the **SlingHopper Pro**. The greatest benefit is being able to move around the court and create feeding drills from any spot. This flexibility helps to create a unique feed without downtime."

Harold Solomon
Director / Harold Solomon Int Tennis Academy
● ATP Ranked Top 10 for 7 years
● French Open and US Open Finalist
● Wins over Bjorn Borg, Jimmy Connors, and John McEnroe.
● US Davis Cup Player - 1972-1978
● ATP President - 1980

"I have an 11 year-old grandson who loves to play tennis. The **SlingHopper** is perfect when I have to work with him on the court. I have tried boxes and bags, but I always seem to find a chair to rest them on. The **SlingHopper** sits right on my body allowing me to move around and not have to bend."

Fred Stolle
Tennis Legend
● 16 Grand Slam titles between 1962 and 1975 including Wimbledon, US Open, French Open and the Australian Open
● Played on Australia Davis Cup with Rod Laver and Ken Rosewall

**FEED WITH
SPEED**

**GREAT FOR
BASEBALL**

- Pitch Slow or Fast, No Problem
- Great For Batting Practice
- No Bending Into Buckets
- No Downtime, Constant Eye Contact
- Easy To Carry & Store

SlingHopper Drill Bags have become a cult item among baseball, softball and T-Ball coaches. Simply put up to 40 tennis balls or 25 baseballs in the **SlingHopper** and you can easily maneuver around the field without cumbersome buckets. Wrap the **SlingHopper** around your waist and you're ready to rapidly pitch or hit without having to bend down and retrieve new balls. The design of the **SlingHopperbag** accommodates left - right handed players so it won't obstruct your swing or pitch. Watch the video demonstration on our website.

"I use the **SlingHopper** when I am working with my son during batting practice. I use to lug around a basket, but now I fill the **SlingHopper** with 25 balls and start to hit away. It is such a simple concept and works exactly the way its shown"

Joel Geesy
Altoona High Baseball Coach

"I was at a tennis match with my son and saw one of the fathers using the **SlingHopper** to feed balls to his son. I thought this would be perfect for pitching and batting to my 7 year old. I use old tennis balls and it worked perfectly. I now have 3 **SlingHoppers** filled with tennis balls"

Eric Hertzwig
Port Washington, NY
